To whom it may concern

On behalf of the Upstate New York Chapter of the American Association of Physicists in Medicine (UNYAPM), a tax-exempt scientific and educational organization, we would like to thank you for considering Corporate Membership in our Chapter. Every year, our Chapter holds two meetings, which are well-received and cost-efficient opportunities for industry representatives to personally reach medical physicists throughout Upstate New York, including Buffalo, Rochester, Syracuse, Albany and their vicinities.

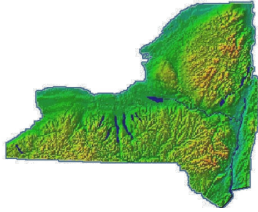

UNYAPM Corporate Members are included on the Chapter's official email list which includes details of future meetings. Corporate members are also acknowledged by name in the Chapter's meeting programs. Membership also entitles the company liaison to attend Chapter meetings (as an observer) without charge. Annual dues for Corporate Members are \$100 on a calendar-year basis.

Corporate Members may also opt for a more prominent role at meetings by sponsorship of the meeting or parts thereof. Display space for promotional materials, as well as floor time for scientific presentations, are also available. Please see the attached forms for more details on these opportunities. Note that a \$50/meeting discount on the meeting participation fees comes with corporate membership.

In closing, we hope you will consider joining our chapter and participating in our meetings. Please contact myself, Iris Wang PhD, regarding your participation in the meeting at [Zhou.Wang@RoswellPark.org], Fax: (716) 845-7616 Tel: (716) 845-3367; or Ciprian Ionita, Chapter Secretary [cnionita@buffalo.edu, (716) 829-5413], should you have any questions pertaining to this chapter. We look forward to hearing from you soon.

Sincerely,

Iris Wang Ph.D.
President - UNYAPM
